It has been said that a picture is not really a picture until it is printed and put on display. We take pride in our work and want you to love what we put together for you. We will give you something that you will be proud to display for years to come. Our specialty is on-location portraits using high quality lighting equipment and cameras. Prior to your session, we will work with you to come up with the best location and look for what you want. We do offer studio sessions for an additional fee; however, we prefer the location environments as it adds to the look and feel of your overall final photo.

What we take the most pride in is our action portraits. If you are an athlete, we want to put together some dynamic action portraits that highlights the hard work you put forth during your high school days. But whatever your interest is, we will be sure to capture it in a unique and memorable way.
